

Anxin fiberglass cable tray price

Article Overview

Fiberglass cable trays typically cost between \$10 and \$50 per meter, depending on specifications and installation requirements.

Price Range and Factors

The cost of fiberglass (FRP) cable trays varies based on tray size, design, load capacity, and environmental conditions. Standard pricing generally falls between \$10 to \$50 per meter . Factors influencing the price include:

- Material quality: High-strength, corrosion-resistant, flame-retardant, and anti-static fiberglass trays are at the higher end of the range .
- Tray design: Ladder-type trays may cost more than solid-bottom or perforated trays due to structural complexity .
- Environmental conditions: Trays for outdoor, chemical, or high-humidity environments require more durable materials, increasing cost .
- Customization: OEM or factory-direct options tailored to specific project requirements can affect pricing .
- Installation: Labor, supports, connectors, and brackets add to the total cost per meter .

Cost-Saving Tips

- Bulk orders: Purchasing in large quantities can reduce the per-meter cost significantly .
- Supplier selection: Factory-direct or reputable distributors often offer competitive pricing without compromising quality .
