

Are there fiber optic cable factories in Norway and where are they located

Overview

Manufacturing is split between Norway and Slovakia, where Optocon Technologies – a FOSS Group subsidiary – is located, and all products are tested according to international standards including DIN/EN, IEC, and EIA/TIA. Fiberworks is a manufacturer that specializes in providing high-quality, cost-effective solutions for the fiber optic market, including a range of products and services related to fiber optics. We export a large proportion of our production to other parts of the world, however, a substantial share of our production goes to the domestic marketplace. Our cable solutions are to be found everywhere. Our ambition. Nexans Norway AS is the leading supplier of power, telecoms, installation and heating cables in Norway, and is a world leader in offshore control cables and high-voltage submarine cable systems. With factories in Halden, Langhus and Rognan, and over 1,600 employees across the country, we can.
