

Australian manufacturer direct supply of anti-electrocution transparent fiber optic cable

Article Overview

Several Australian manufacturers and suppliers can provide specialized fiber optic cables, including options for high-safety or industrial applications, with potential for custom anti-electrocution transparent designs.

Key Manufacturers and Suppliers

- The Fibre Optic Company of Australia (FOCA) – FOCA specializes in the manufacture and distribution of fiber optic cables and accessories for telecommunications and industrial applications. They focus on high-quality, innovative solutions and can likely accommodate custom cable requirements, including safety features for electrical insulation .
- CABAC – Established in 1982, CABAC designs and manufactures a wide range of electrical and fiber optic products. Their capabilities include low to medium voltage power connectivity and structured wiring systems, with ISO9001 certification and NATA-accredited testing, making them suitable for projects requiring anti-electrocution properties .
- Fibre Optic Systems (FOS) – Based in Victoria, FOS manufactures and distributes fiber optic products, including enclosures, cable assemblies, and MTP® cabling solutions. Their experience in rapid production and custom solutions allows for specialized fiber optic cables tailored to industrial safety standards .
