

Azerbaijan 32-core fiber optic distribution box

Overview

RGP-FDB-032G 32 Core Multi-Operator MDU Distribution Box is a fiber box solution that allows multiple service providers to connect customers in the same building via shared riser fibers. A basic MOB solution consists of one operator box and one customer box. Features tool-less installation, IP65 protection, and compliance with IEC, TIA/EIA & RoHS standards. Industry Standard User Interface, with high impact plastic; 2. Can max contain 32 ports FTTH. Grandway's Fiber Splitter Box provides a high density wall mounted or pole mounted solution for next generation networks, which aims to provide and manage fiber splitters in a limited space. With the function of the mechanical splice, fusion splice, light splitting. The 32 port fiber distribution box (FDB) serves as a distribution point for the connection between feeder cable and distribution cable or drop cable in FTTx networks.
