

Fiber Optic Cable Clamp Prices and Price List

Article Overview

Fiber optic cable clamps typically range from \$0.50 to \$10 per piece, depending on material, type, and application.

Price Overview

Fiber optic cable clamps vary widely in price based on material, design, and intended use. Common materials include plastic, stainless steel, and alumina oxide, each affecting cost:

- Plastic clamps: Lightweight, easy to install, and suitable for indoor applications like data centers or offices. Prices generally range from \$0.50 to \$2 per piece for standard sizes .
- Stainless steel clamps: Durable and weather-resistant, ideal for outdoor installations on poles or industrial environments. Prices typically range from \$2 to \$6 per piece, depending on size and load capacity .
- Alumina oxide clamps: High hardness and thermal stability for high-temperature or abrasive environments. These are more specialized and can cost \$5 to \$10 per piece .

Factors Affecting Price

- Quantity: Wholesale purchases from manufacturers in China or other suppliers can significantly reduce per-unit cost .
- Clamp type: Tension clamps, U-bolt clamps, rubber-lined anti-vibration clamps, and compression clamps vary in complexity and price .
