

High-precision CIF price for photovoltaic combiner boxes exported from Portugal

Overview

A: Expect \$220-\$480 per unit for commercial-grade models. Industrial versions with enhanced protection reach \$550-\$800. Q: What's included in a professional quotation?

A: A complete quote should specify: Need a Custom Quote?

This guide breaks down exactly what you are paying for, what a defensible 2026 FOB China price range actually looks like, and how to spot quotes that either undercut reality or overcharge for features you don't need. ☐☐ Need to vet the supplier behind the quote?

Pair this with our PV combiner box. For EPCs and installers bidding on 50-200kW commercial rooftop projects, the combiner box specification is a decisive factor for both system safety and project margin. They provide an efficient way to combine multiple PV strings while improving electrical protection, reducing installation time, and ensuring consistent performance in.
