

Imported photovoltaic distribution box from Malta

Article Overview

Maltese PV distribution boxes are available for residential and small commercial solar systems, offering safety features, durability, and ease of installation.

Product Options and Specifications

- Daystar Solar DC Distribution Box
- Supports 1kW to 5kW solar panels, suitable for residential or small commercial setups .
- Equipped with a 16A 2-pole DC MCB and a 15A 1000V DC fuse for overcurrent and voltage protection .
- Includes a DC SPD (Surge Protection Device) rated 20-40kA, safeguarding panels from voltage surges and lightning strikes .
- Features a 1-in-1-out design for simplified installation, making it user-friendly for both professional and DIY setups .
- Marlanvil Surface Distribution Box
- Accommodates up to 4 modules in a waterproof and dustproof IP65 enclosure, ideal for outdoor installations .
- Constructed with high-quality materials, including a reversible smoked polycarbonate door and DIN EN 50022 galvanised steel bar .
- Comes with a complete kit including terminal blocks, plastic supports, and fixing screws .
