

Mozambique Outdoor Explosion-proof Distribution Box Model

Article Overview

Explosion-proof distribution boxes in Mozambique include BXM, HRMD92, and HRMD96 series, offering flameproof enclosures, IP54 protection, and customizable configurations for industrial electrical distribution.

Key Models and Specifications

BXM Series

- Standard distribution box for heat trace cables and antifreeze electricity applications.
- Structure: Hanging or vertical box with power cable entry at the bottom.
- Protection: IP54, suitable for hazardous environments.
- Options: Ex d (flameproof), Ex e (increased safety), Ex i (intrinsically safe), Ex p (pressurized housing), or combinations.
- Features: Energy-efficient, environmentally friendly, compatible with various air circuit breakers, and customizable for local control stations and distribution panels.

HRMD92 Series

- Flameproof enclosure: Ex d IIB+H2, stainless steel construction.
- Applications: Feed distribution, control boxes, switch boxes, motor starting boxes, and terminal boxes.
