

# New Energy Storage Battery Cabinet Model 2026

## Overview

On June 24, at The Smarter E Europe 2026, HiTHIUM officially launched its next-generation commercial and industrial (C&I) energy storage product for the global market: the ∞Power 1022kWh liquid-cooled C&I energy storage cabinet. Built around HiTHIUM's self-developed ∞Cell 1175Ah large-capacity. In 2025, 108 GW of new battery storage capacity was deployed worldwide, 40% more than in 2024. Lithium-iron phosphate (LFP) batteries now account for around 90% of deployments; while less energy-dense than rival chemistries commonly used. Shipping fee and delivery date to be negotiated. Chat with supplier now for more details. The best commercial battery storage systems in 2026 are not just bigger versions of home batteries. Camel Energy Unveils New Liquid-Cooled Energy Storage Cabinet and Full Energy Storage Portfolio at KEY ENERGY 2026 in Italy-CAMEL GROUP CO. As one of the largest renewable energy industry events in Europe.
