

Optical Module Dual LC

Overview

This is a standard SFP+ optical module. It uses two multi-mode optical fibers and the speed rate can up to 10Gbps, transmission distance up to 300m. COMPATIBILITY- Compatible with Cisco and other Open Switches: D-Link, Supermicro, Netgear, Fortinet, TP-Link and Ubiquiti UNIFI. An SFP duplex LC connector is a fiber optic interface used in many small form-factor pluggable (SFP) optical transceivers to enable full-duplex optical communication. The module converts 8 input channels of 10G. This product need to use in pair and match up with fiber converter and optical Ethernet switch with SFP slot, it can be used in Ethernet, telecom and. Ascent Optics' OSP-800C231-02CX 800G OSFP 2FR2 2KM Dual Duplex LC SMF Transceivers, designed for high-performance networks, ensure reliable and efficient connectivity over distances up to 2km. CONQUER DISTANCE: 80km Long-Range Transmission Power Subheading Focus: Transmission Distance & Wavelength Distance limits many networks.
