

SC Fast Fiber Optic Connector

Overview

SC Fast Connectors are pre-assembled, field-installable connectors used in fiber optic networks for quick and efficient termination of optical fibers without the need for specialized tools. Designed for easy installation, these connectors feature a mechanical splice or fast-connect mechanism that. The Carefiber Fast Connector series connectors are now available in FC, SC, and LC variants, catering for 250um to 900um diameter single mode and multimode fiber types, including Multi-mode 62.5/125um and Multi-mode 50/125um. The single-mode versions are available with PC or APC ferrules. Proven mechanical splice technology ensuring precision fiber alignment, a factory pre-cleaved fiber stub and a proprietary index-matching gel combine. Making easy-to-install fiber optic fast connector for more than 20 years.
